

## OPTIMISATION AND COST SAVINGS OF POLICIES IN FORCE

## SCOPE OF OUR ASSIGNMENT

- ♣ Analysis and feasible benefits related to cost centres of existing insurance contracts;
- Assessment of possibilities for improvement regarding the regulatory framework of the underwritten insurance contracts;
- Evidence of excesses, overdrafts and compensation limits (summary table);
- **♣** Evidence of excluded risks and possible alternative solutions to policies;
- Evidence of how claims are handled by activating our additional expert services;
